Sudden Death in Russell.

On Monday last week, Mr. John

Baylor, of New Garden, Russell, coun-

ty, died very suddenly while encomped

with his wagon one mile west of Leba-

non. He had driven from the Garden

to company with other wagons, all of

them camping near Lebanon, and all be-

ing loaded and destined for Bristol. At

supper he complained of being sick and

afterward vomited. Shortly thereafter

he was observed to breathe with difficul-

ty and fell dead. He was aged some 35

years, was a son of Edwin Baylor, and

married a daughter of the late John S.

Anderson, of Tazewell C. H.

Another Homicide.

A Young Man Killed Near

Greendale.

Last Saturday, near Butt's Factory,

in the vicinity of Greendale in this

county, some half a dozen boys were

out hunting, when a son of Mr. Wm.

Warren was shot through the body, from

side to side, above the hips, by a son of

Mr. John Thomas. Warren and Thomas

both live between Butt's Factory and the

head of Rattle Creek, and only a

short distance apart. Our informant,

Mr. Henry L. Brannon, passed the lo-

cality directly after the shooting, and

left young Thomas in a dying condition.

Afterward he heard he had died. Both

of the parties were nearly grown, and

while we have not particulars, it is sup-

posed the shooting was accidental.

## Personal.

Mr. E. S. Johnston, of Montgomery, has settled in our town, and has opened a merchant tailoring business. We have known Mr. Johnston for years, and take pleasure in recommending him to our people. He is an excellent gentleman and fine workman, fully entitled to the confidence and patronage of the public. See his card elsewhere.

Mr. M. L. Blackley and his excellent lady have removed to Marble Hall, near Rogersville. He will attend our courts here for some time to close up his business. He has made a very advantageous purchase, and while we are sorry to have him leave us, we wish him God speed in his new home.

Mrs. Taylor, mother of Mr. W. G. Taylor of this town, died at the latter's residence the 4th inst., aged 80 years.

Mr. Robt. Pile has been visiting friends in the upper end of this county. One of our very best men is Bob, and he is running a live Saddle and Harness business.

Mr. A. S. Gump, our celebrated Main Street Clothier, will again go north for goods in ten days. Isn't he a live merchant?

M. D. Anderson & Co., "have some beautiful skirts of new designs." Look out for a big rush at their store. They sell candy and Christmas things cheaper than any body else, and of course people go where they can buy the best goods for the least money. nov 16 '80-1t

## First Tobacco Sale.

The Season Opened at Winston's.

Last Thursday there was a fine break at the new ware-house of J. H. Winston & Son, being the opening sale of the season. There was quite a handsome display of leaf, and buyers were present from Lynchburg, Petersburg, Richmond, and other places. These gentlemen found strong competitors in the person of our local purchasers. Prices were regarded good for the season, and ranged from \$45 down to \$2. Messrs. David Shupe, J. T. Preston, James Spoles and others of this vicinity had some very good tobacco, and we noticed several lots from quite a distance, in other States. Col. John G. King has a splendid lot yet to be sold, having made quite a success in his first experiment with the weed. The scene at the ware-house was an exceedingly interesting one, the crowd of tobacco men being very large and the bidding quite active.

Shot to Death!

Was it Accident or Mur-

der?

Tom Pepper cuts Sam Muse's

throat with a load of

Buckshot.

Last Wednesday at 4 P. M., Tom

Pepper, col., killed Sam Muse, col., by shooting him through the neck with a heavy

load of buckshot, at the new rail road bridge, on North Fork near Mendota.

He was examined before W. Scott Stick-

ley, who, from the evidence of three ne-

groes who were present at the homicide, believed it to have been accidental and

discharged him. Since that time evi-

dence has leaked out which leads to the

belief that it was a deliberate murder,

and Pepper may be arrested again. It is

now said the parties had quarreled over

a game of cards and that when Pepper

took down the gun Muse begged that he

would not shoot him; that Pepper pulled

back the hammer with his thumb, as it

was not stand cocked, and deliberately

shot him through the neck, cutting the

carotid artery and jugular vein. Pepper's

character fits much better with this

theory than with the one that he is in-

nocent. It is said he paid no further

attention to Muse after shooting him, and

has not exhibited the slightest symp-

toms of sorrow over the matter.

Muse leaves a wife and several chil-

dren to go alone into the dreary winter

without support from husband and fa-

ther, and who have exhibited the most

poignant and prolonged grief.

## Side-Walk Letter.

ON THE SIDE-WALK, Nov. 16, 1880.

This is quite a cool nother, and I find all the side walk people in a shiver.—Those who thought the beautiful weather of Autumn would last always are paying the penalty of non-preparation for winter. I believe the election bets are about paid up, and the thing has been so much mixed that parties, after all, have neither lost nor made much.—People now have an opportunity to look a little to business. I see a little pork coming in, but only in amounts to answer the butchers, who have paid during the week as high as 54 for it. It will rule lower. Wheat has been down to 1.02, but may be gotten off at times for 1.05. Green apples go at 50 to 75, as to quality. I note that a stream of wagon trade from Russell, and even Tazewell, has set Bristol ward. In fact the trade of Bristol is being steadily augmented. It is now five times what it was 5 or 6 years ago. Business is rapidly assuming a cash basis. Produce of all sorts is eagerly sought at its cash value which is paid in cash. Bristol is colonizing much of its accumulated and trained population.

Archie Picken has gone to Abingdon where he succeeds the Johnson Brothers in the jewelry business. I envy Abingdon the possession of Archie Picken.—He is a trump and has started on a fine stock of watches and jewelry. Ellery Johnson & Bro. have gone to Rome Ga. Hark! Did you hear the anvil chorus last Thursday night. The boys determined to celebrate Fulkerson's election, and on the shortest notice piled on Front Street the extra oil barrels of the town and sent them blazing upward. Roman candles sent their blue curves into the sky, and the anvil artillery brigade shook the town with its music. Messrs. Ward and Hickman of Abingdon, and W. C. Pendleton of Marion, being at the Va. House, the crowd adjourned thither and in response to calls speeches were made by Mr. Pendleton, Col. Fulkerson, Judge Ward, L. C. Fowler and W. F. Rhea. The affair was a very enthusiastic one, and was much enjoyed. Just to change the subject to something entirely new, did you know that we have in Bristol quite a number of Spiritualists, who hold regular meetings in a quiet way and claim to hold intercourse at such times with the spirits of departed ones? Fact I am told, and I learn it has been going on for some time.

Kuhnert has most wonderfully improved his establishment in every way. His toys and fancy goods department would do credit to a large city, and his candies are manufactured fresh and wholesome. Oysters you get fresh and in every style. Gump goes north after more clothing in ten days.

Mrs. Mary Gillespie has returned from Tazewell and is in excellent health now. Esqr. Arthur Edwards died some two weeks ago at his home near Noddy's Creek, in this county. I heard a gentleman just from Russell say that during five days recently there were seven deaths in the vicinity of Lebanon, and yet the county is usually healthy.

The Messrs. Brown Brothers have rented Col. Oyle's Factory, and are to open up for their Carriage business. I regret to learn that Miss Lella Allen, of Greene county, Tenn., aged some 14 years, died this morning at 4 o'clock at the Bristol Female College. Her father and mother have been with her during her illness, and she has had every attention that skill and affection could render her. Capt. McIndoo, the Telegraph operator, and Mr. James L. Vance have been sick for some time of fever.

I met on street this morning Messrs. Wood and Graves, of Lynchburg, and Mr. Goldsmith, of Richmond, who are attending the Warehouse Tobacco Sales. They think the prices of tobacco are not likely to advance and, if so, our friends in the country will have nothing to make by holding their crops.

Reliable Testimonials

Bishop Geo. F. Pierce says: I know one case of remarkable recovery from chronic dyspepsia. It is a "panacea" for sick headache, both to cure when it comes and to prevent it taken in time.

Dr. W. G. E. CUNNINGHAM says: We owe the health and strength we enjoy today, if not our life, to the "Seven Springs Mass."

Rev. E. N. Patten says: My wife is subject to sick headaches, and for her the "Seven Springs Mass" is a Specific both to cure and prevent.

Rev. G. C. RANKIN says: Mrs. Rankin says she cannot over estimate the value of the "Mass" in her case, and would advise everybody who suffers with sick headache to use it.

Miss E. G. MARSHALL, of Loudoun county Va., says: It has cured me of dyspepsia and sick headache; am now in better health than for years.

Mr. John D. ROQUEMORE, Eufaula, Ala., says: My wife is using the "Seven Springs Mass" for chronic indigestion with very happy results.

A. WADDILL, proprietor of Lynchburg News, says: My wife has been subject to severe spells of sick headache for more than twenty years, and has been entirely cured by using the Mass.

Hon. THOMAS WHITEHEAD, proprietor of the Advance, Lynchburg, Va., says: The "Seven Springs Mass" acts on my liver and stomach in a most satisfactory manner, never failing to relieve me of attacks of headache, produced by irregularity in meals or from over-work.

For sale by J. A. Dickey & Co., and at first class druggists.

## E. T. V. & G. R. R.

Annual Report of the Officers.

Brilliant Results and Able Management.

The annual meeting of the stockholders of the E. T. V. & G. R. R. was held in Knoxville last Wednesday, Mr. J. R. Anderson, of Bristol, being the President. E. W. Cole, President of the company, made a report which must be gratifying to every friend of the road, and well justifies the recent large reduction in its passenger rates. The total net earnings for the year are nearly \$150,000, which pays the operating expenses a large amount of new steel rails, a three per cent. dividend on the stock, the interest on the bonded debt and still leaves a further profit of nearly \$108,000. The increase in net earnings is \$61,000.

The company has purchased the Selma Rome & Dalton R. R. for \$2,650,000 in five per cent. bonds running 30 years, which makes the line one of the most valuable and important in the Southern States. It strikes us that the management of this Co. under Mr. Cole and his staff, Messrs. Wilson, McGhee, O'Brien, Ogden, Mitchell and Hogan has been singularly able one, and that it is rapidly becoming a great factor in Southern development, no one who looks and reads can for a moment doubt.

A Cough, Cold or Sore Throat should be stopped. Newell frequently results in an incurable Lung Disease or Consumption. NEWELL'S CURE FOR THROAT AND LUNG DISEASES. It is certain to give relief in asthma, Bronchitis, Coughs, Catarrh, Consumptive and Throat Diseases. For thirty years the Troches have been recommended by physicians, and always give perfect satisfaction. They are not new or untried, but having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Public speakers and singers use them to clear and strengthen the voice. Sold at twenty-five cents a box everywhere.
